Dear Sam:

Attached, please find the information regarding Dead Creek Segment B (CS-B) that we spoke about over the phone. I've included a 1981 IEPA report that was in performed in response citizen complaints of smouldering creek sediments, excerpts of the report "Expanded Site Investigation - Dead Creek Project Sites" (E&E, 1986), a letter to Bob Boden summarizing IEPA pre-remedial investigations at Dead Creek south of CS-B, a partial summary of work performed by Monsanto at CS-B and a summary of the most recent sampling event in Dead Creek.

If you have any questions about the attached, please do not hesitate to call.

Sincerely,

Paul E. Takács, Project Manager
Federal Sites Management Unit
Division of Remediation Management
